## VODKA

### The Spirit of Paleo

Long ago Cavemen were constantly on the run hunting and gathering or being chased by saber-toothed tigers. Today, the world is still moving fast and now we have the luxury of celebrating our achievements with a Vodka that starts with Paleo-friendly, Gluten-free ingredients.

Always handcrafted from the finest California grapes instead of grains, Caveman Vodka is clean, crisp, and smooth. The perfect vodka for those who “go against the grain” in their eating and lifestyle and live the motto “Work hard - Have fun”!

- Distilled 100% from California Grapes
- Naturally gluten-free from grape to bottle
- Blended with 100% pure Sierra Alpine water
- Handcrafted here in the USA
- Clean and crisp taste with a smooth finish
