

★ Extra Smooth

Tatra Mountain glacial water

Players Vodka uses water of glacial origin from the famous Tatra Mountains. This water is extremely clean enhancing the purity of our vodka.

★ Unique Silver Filtration

Careful filtration process through 24 active CARBON FILTERS and 24 SILVER FILTERS makes our vodka even smoother and gives extra fine quality.

★ Final Achievement

Vodka of extraordinary cleanliness and smoothness, yet retaining genuine natural aroma and taste.

Filtration through 24 filters from active silver and crystal clear water of Tatra Mountains gives the extra fine taste and scent to our vodka.

Natural scent and taste due to highest quality filtration and a gentle touch of the fruit extracts. Scents of vanilla and raspberry are delicate, and the palate is enhanced by summer berries, followed by creamy licorice and mocha. A spark of white pepper enlivens the finish.
