

# GERINE

Gerine is a wine cooler for a new generation – no malt liquor, no added sugar, no junk.

Just an endlessly sippable combination of real wine, natural flavors, and a hint of carbonation. A playful and elevated alternative to canned wine and hard seltzers, Gerine is a drink for today - a cooler wine cooler.

## Orange & Yuzu

The mouthwatering tang of fresh peeled oranges complimented by the delicate notes of yuzu—a refreshing and vibrant blend. Crack open a bottle, put your feet in the pool, and enjoy the delightful (love) bite of citrus in every drop.

## Mango & Peach

Succulent peaches and lush mangos combine for the perfect sun-kissed sip. A delicious, tropical blend—succulent but never too sweet. A beach party in a bottle, a juicy summer romance that leaves you craving more.

## Strawberry & Kiwi

Indulgent strawberries and crisp kiwis—a flirty combination that proves opposites do attract. A match made in heaven that knows how to have a good time!
